

## How to Use

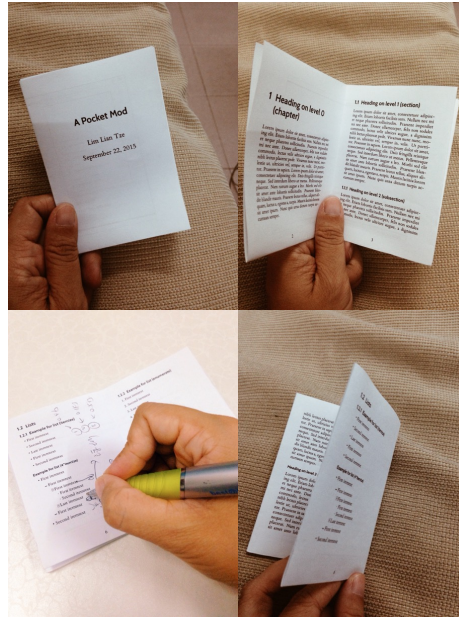

- Just add `\usepackage{pocketmod}`
- Rearranges 8 pages on a sheet of paper, folded into a booklet
- Uses only a single side – ideal for recycling used paper!

## Some Tips

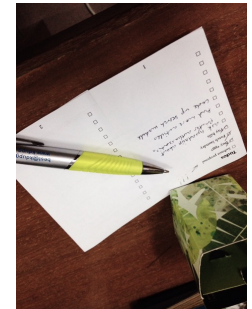

- Try to keep your contents to 8 pages or less ; -)
- Use large fonts! They'll be scaled to  $\frac{1}{8}$  the size.
  - `extsizes` package
  - KOMA-script classes allow arbitrary body font size
  - Liberal uses of `\Large`, `\huge` etc
